

Monocacy Manor

(Frederick County)

Monocacy Manor (10,000 acres) is located on the Northside of Walkersville and borders the Monocacy River. The manor was surveyed in 1724 for Lord Baltimore. As a result of the Revolutionary War Monocacy Manor became Confiscated British Property.

The 1767 and 1768 list of lease holders list only 70 lots. In 1786 when lots were being patented to new owners the number of lots was up to 85 lots. One will have to decide for themselves if the 1786 lots match the early lease lots.
